Changes in child well-being (Figure 1)

| Indicator   | Year   |        | % Change from 1990 to 2000 |
|---|--------|--------|----------------------------|
|   | 1990   | 2000   |                            |
| Children Below Poverty                                    | 30.1%  | 30.3%  | 0.7%                       |
| Children Born into Poor Families                          | 44.0%  | 50.7%  | 15%                        |
| Children Receiving Public Assistance                      | 30%    | 17.6%  | -41%                       |
| Fair to Poor Condition of Rental Housing                  | 40%    | 25.4%  | -37%                       |
| Homeless Children   | 6,450  | 9,021  | 40%                        |
| Violent Felonies Per 1,000 Children (0-17 years)          | 89     | 31.3   | -65%                       |
| Infant Deaths per 1,000 Live Births                       | 11.6   | 6.7    | -42%                       |
| Infants at Low Birthweight                                | 9.3%   | 8.3%   | -11%                       |
| Mothers with Late or No Prenatal Care                     | 14.8%  | 6.3%   | -57%                       |
| Children Receiving Mental Health Services                 | 11,165 | 15,722 | 41%                        |
| Math Scores at or Above Grade Level                       | 63%    | 49.0%* | -22%                       |
| Reading Scores at or Above Grade Level                    | 50%    | 49.1%* | -2%                        |
| Four Year Class Graduating Rate                           | 37.6%  | 49.9%  | 33%                        |
| Youth Arrests for Felonies/ Misdemeanors (16-20 years)    | 53,407 | 69,297 | 30%                        |
| Juvenile Arrests for Felonies/Misdemeanors (< 16 years)   | 12,581 | 10,185 | -19%                       |
| Violent Death Rate Per 10,000 (15-19 years)               | 8.2    | 1.6    | -80%                       |
| Births to Teen Mothers (% of total births)                | 10.1%  | 8.6%   | -15%                       |
| Abuse and Neglect Reports Per 1,000 Children (0-17 years) | 30.8   | 25.8   | -16%                       |
| Average Hazardous Incidents Per Community District        | 15     | 26.2   | 75%                        |

Note: \*This figure is for school year 1998-1999.
