Notes: <sup>1</sup>Race/Ethnicity category definitions: White = non-Hispanic white alone; Black = black or African American alone; Asian = asian, Hawaiian or Pacific Islander alone. The categories of Black and Asian are not disaggregated by Hispanic ethnicity and so double-counting may occur. <sup>2</sup>For unemployment rates, teens are defined as ages 16-19; youths are defined as ages 20-24. <sup>3</sup>For these indicators, Youth households may include households with primary householders who are as young as 15. For all other indicators, age categories are defined as: Children = under 18; Teens = 15-19; and Youths = 18-24, unless otherwise noted.
